This invitational exhibition brings together ten Kanaka 'Ōiwi artists to present contemporary work channeled through *'ike*: knowledge gained through experience guided by sound teachings. In this way, all *'ike* has a *mo'okū'auhau*, an origin story and chain of succession rooted in *ka wā ma mua*, or the time gone before, and influencing *ka wā ma hope*, or the time yet to come. As each artist manifests their *'ike* and practice differently, the outcome will collectively inspire and inform. *'Ōlelo Hawai'i* will be woven throughout the entirety of the exhibition, providing an important focus that promotes a revitalization of the language of this place. This multi-generational group of artists from *nā mokupuni o Hawai'i nei* represents a variety of established backgrounds in exhibitions, education, and informed skillsets. The invited artists are: Bernice Akamine, Kala'i Blakemore, Hoaka Delos Reyes, Solomon Enos, Pōhaku Kaho'ohanohano, Lehuauakea, Kawika Lum-Nelmida, Meleanna Aluli Meyer, Auli'i Mitchell, Cory Kamehanaokalā Holt Taum.

Exhibition Concept / Description:

Artists from Kaua'i, Oahu, Moloka'i, Lana'i, Maui and the Big Island have been invited to participate in this exhibit based on the high aesthetic quality of their work, its craftsmanship and significance to the theme of reverence to the Hawaiian host culture. Many of them are well-known and have received numerous awards, but it is also an opportunity to show the work of young and promising talented artists. "Reaching Out" projects in line with the theme of "Fire, Earth & Water" have been selected. Events with lectures on those 3 specific Hawaiian topics will be scheduled during the show. Movies recording the process and goal will be shown at

those events. A portion of the gallery profit goes to the participating Hawaiian organizations. For the past three years this exhibit itself has been filmed and recorded on our website at www.viewpointsgallerymaui.com.

Curator: Joëlle Chicheportiche Perz was born in Paris and was only 16 years old when she moved to the French Alps where she graduated with an honorable mention from the Lycée Honore Romane in Embrun. Falling in love with the Provence District, she chose the Universities of Aix-en Provence and Marseille to study Fine Art and Art History simultaneously. In 1974, a growing interest in mural painting took her to Mexico, starting a journey which allowed her to learn, expand her vision and unleash her creativity as an artist. She studied mural painting at the University of Guadalajara and was soon commissioned by the government to execute a large scale mural in a newly built public school. From 1977-1982, she lived in San Francisco where she studied in depth the techniques of printmaking at the Graphic Arts Workshop. In 1982, she moved to Maui, where she has been living ever since. Hawaii has been a great source of inspiration as well as giving her an opportunity to study with great teachers such as Richard Nelson, Hiroki Morinoue, Sally French and more. Over the years she has herself been teaching in numerous venues over the island, including the Lahaina Art Society , the Hui Noeau visual art center and with the “artists in the schools” art program. As one of the founders of the Viewpoints Gallery and in charge of exhibits for a number of years, she has been able to establish a reputation for prestigious shows such as the Celebration of Hawai'i invitational, the Malama Wao Akua Annual Juried Show and the Hawai'i Contemporary Invitational as well as many significant and educational shows such as the ongoing "Reaching Out" exhibits Artists will receive 50% of proceeds from the sale of their works.

My approach to critiquing a work of art:

I believe fine craftsmanship in any media is very important. The artist should be creating a unique work of art, not copying something some other artist has done. I like to see an artist push the boundaries of the media in some way to produce a work that is fresh and exciting. The work that is most interesting is work that has a concept or personal statement.

Experience in Visual Art:

My parents were both artists (primarily painters) and we had a gallery on the road to the Spouting Horn on Kauai where I grew up. I majored in ceramics and fiber arts at the University of Hawaii. I received a BFA in Ceramics in 1974 and an MFA in Fiber Arts in 1979. I taught Fiber Arts at UH from 1980 – 1987 then I embraced full time motherhood. From 1998 – 2005 I worked as a Museum Educator at the Contemporary Museum. I arranged school tours and children's classes and the Art Spree festival. I taught weaving and fiber arts at the Honolulu Museum Art school from 2006 – 2020. I was a teaching artist for the SFCA Artist in the Schools program as well as the HISAM Art Bento program from about 2006 – 2022. I also taught after school kids classes at Noelani Elementary from 2006 – 2020 and summer school art classes at Iolani school from 2004 – 2016. Over the years I have exhibited in a large number of juried and group shows in Hawaii. A number of my artworks have been purchased by the SFCA. I have not exhibited much outside of Hawaii but I do keep up with the contemporary art scene by visiting museums and galleries where ever I travel and I subscribe to American Craft and Fiber Art Now magazines.

I have included a copy of my curriculum vitae.

b. List the media which you have expertise and knowledge to critique and evaluate.

I am qualified to critique and evaluate work in all media.

c. Briefly describe your approach in critiquing a work of art.

First, I consider the immediate visual impact of the piece. Concept is important as well, but the piece has to command my attention initially for me to engage with it enough to consider the concept. I look for craftsmanship, composition, relevance, and relationship to other work in its milieu. I look for resolution – is the piece complete in all its parts and aspects? If it is conveying a particular message or concept, I consider how effectively the artist has delivered this.

d. Briefly explain your experience in the visual arts in Hawaii as well as nationally and internationally.

I have been a practicing visual artist, teaching artist, arts and museum educator in Hawaii for 30+ years. I have participated in many group exhibitions. And also curated and co-curated exhibitions in the mainland and at HiSAM. I currently work as an independent arts education consultant. As a creator, my background is in sculpture, ceramics and drawing/painting. As both an art professional and as an individual, I attend every major (and many not major) art exhibitions that come to Oahu. I also visit art museums and exhibitions in every city I travel to.

e. List the visual arts organizations or artists in Hawaii with which you are currently affiliated. Include your relationship to these organizations and artists.

I am not currently a member of any organization.

a. Attach a copy of your curriculum vitae. (see attached)

b. List the media which you have expertise and knowledge to critique and evaluate.

My expertise and personal studio practice is focused on two-dimensional art, specifically all forms of drawing and painting. I also have sufficient knowledge of design principles and three-dimensional art that affords me the ability to critique and evaluate sculptural works in glass, wood, ceramic, and metal.

c. Briefly describe your approach in critiquing a work of art.

My approach to critiquing a work of art integrates in-depth observation and analysis of the work's formal qualities with interpretation and evaluation of its meaning. I look at all of the various elements of the artwork—medium, scale, format, line, shape, form, texture, color, space—and then explore the relationship between these elements. Based on the evidence, I formulate as many interpretations of the work as possible. I ask myself, "What is the context of this artwork? Why did the artist make this? What does the artwork mean? *How* does the artwork mean?" I then evaluate how successfully the artwork weds technical approach and achievement with conceptual strength and fecundity. Important evaluation questions for me are, "How do the formal qualities of the work register or contribute to its conceptual and/or emotional content? How rich and varied are the artwork's possible meanings? How original, dynamic, and contextually relevant is the artwork?"

d. Briefly explain your experience in the visual arts in Hawaii as well as nationally and internationally.

I received my BA in Studio Art from the University of Arizona in 2005 and my MFA in Drawing and Painting from the University of Hawai'i at Mānoa in 2011. Since 2012, I have served as part-time faculty in the Drawing and Painting Program at UH Mānoa, where I have instructed courses at all levels from introductory to advanced. From 2008-2018 I served as an instructor at the Honolulu Museum of Art School, where I taught youth and adult classes as well as worked for every outreach program offered by the Art School, including Art-to-Go, Wounded Warriors, Artists-in-the-Schools, and the Ambassador Program. I also co-led a number of multi-day workshops for DOE teachers that focused on developing arts-integrated curriculum. From 2015-2020 I worked for the Art Bento Program at the Hawai'i State Art Museum, where I served as both a Museum Guide and a Teaching Artist. The Art Bento Program's focus on visual literacy and responding to art gave me a wealth of experience observing, analyzing, and interpreting a wide range of works in HiSAM's collection.

My own work has been exhibited throughout Hawai'i, including at UH Mānoa, Hawai'i Pacific University, Windward Community College, The Honolulu Museum of Art, The Honolulu Museum of Art at First Hawaiian Center, The Honolulu Museum of Art School, and Pegge Hopper Gallery. A number of my pieces are also included in the HSFCA's Art in Public Places Collection. On the national level, solo exhibitions of my work have been featured at Berea College in Berea, Kentucky, the College of Southern Nevada in North Las Vegas, Nevada, Thelma Sadoff Center for the Arts in Fond du Lac, Wisconsin, Emerson Center for the Arts and Culture in Bozeman, Montana, and the Dairy Arts Center in Boulder, Colorado. I presented my work through gallery walks and artist lectures at each of these institutions. Upcoming solo exhibitions of my work are scheduled at Gallery I'olani at Windward Community College and the Holter Museum of Art in Helena, Montana. I have had the honor of being selected as an Artist-in-Residence at Brush Creek Foundation for the Arts in Saratoga, Wyoming, Glacier National Park in West Glacier, Montana, and the Sitka Center for Art and Ecology in Otis, Oregon (forthcoming).

Visual Art Consultant Application

Jake Boggs

1. List the media which you have expertise and knowledge to critique and evaluate.

I have worked in ceramics for the last 12 years and have a strong degree of expertise in evaluating ceramic art. Through my visual arts training I have also cultivated a proficient knowledge of most fine art and craft media and would feel comfortable evaluating metal, fiber, wood, stone, painting, printmaking, photography, other 2d media, and non-traditional media.

2. Briefly describe your approach in critiquing a work of art.

When critiquing artwork I look for the technical mastery of a material. While being familiar with the varied approaches to craftsmanship, I personally find the most value in work that has been intentionally well made. I also look for conceptual content that is apparent in the artwork, and how the formal elements of the work communicate that concept. I also look to contextualize the work of art within the greater art discourses of the specific media, regional, and global conversations, both formally and conceptually.

3. Briefly explain your experience in the visual arts in Hawaii as well as nationally and
a. internationally.

I received my Master of Fine Arts in Studio Art from the University of Hawai'i at Mānoa in 2016 and have since shown in dozens of exhibitions statewide from which I have received multiple awards for my artwork. I have been an instructor at the University of Hawai'i at Mānoa, the Hawaii Potter's Guild, and the Donkey Mill Art Center. I am currently on the board of Hawaii Craftsmen and am the current Ceramics Studio Coordinator at the Donkey Mill Art Center in Holualoa on Hawai'i Island. I have also have had a consistent presence in the art market in Hawai'i and am represented in galleries on O'ahu, Kauai, and Hawai'i Island.

I regularly attend the annual conference for the National Council on Education in the Ceramic Arts where I have been a presenter. I use these opportunities to reconnect with peers and mentors while networking on behalf of the Donkey Mill and Hawai'i's arts. These events help me stay current in the national ceramics conversations. I also regularly visit ceramic centers, museums, and galleries on the mainland where I draw reference for my work in Hawai'i.

Internationally, I keep a studio with my wife in her hometown in South Korea where we both spend time in the summers engaging in our art practices. Through my marriage I have been able to form many relationships with Korean artists and plan to exhibit work in Seoul in 2023. The cosmopolitan nature of Hawaii has given me the opportunity to meet and be informed of various art worlds, particularly those of Northeast Asia.

4. List the visual arts organizations or artists in Hawaii with which you are currently affiliated. Include your relationship to these organizations and artists.

I would like to assist Acquisition Award Selection Committees.

- a. CVs are attached in separate sheets.
- b. Media which I have expertise and knowledge to critique and evaluate:
installation, 2 dimensional works, 3 dimensional works, drawing, painting, printing, silkscreen printing, and watercolor.
- c. Approach in critiquing a work of art:
From the view of the basic theory of creating composition, I look at the usage of the elements such as line, shape, value, pattern and colors. I also focus on the development of design principles such as unity, balance, rhythm, scale. I am always open to evaluating a piece on its own terms, because art is a medium that pushes the boundaries.

Furthermore, the most important thing for me is that the work expresses energy. If the work is “ alive”, the power reaches the viewer and moves the viewer's feeling to the next level. All those elements are mingled together and give me the view and point for the critique.
- d. Experience in the visual arts in Hawaii as well as Nationally and Internationally:
As a working artist, I have shown my works In Hawaii, and other US locations and other countries since 1988. Joining group shows in Hawaii, and having solo shows in Hilo, Honolulu, Maui, Tokyo, New York, and Australia.
Worked media are printing, drawing, painting and site specific installation works. I have numerous awards in Hawaii's art scene.

Recent body of works were shown in Artist of Hawaii 2017 at Honolulu Art Museum.

- e. Work at Hawaii Community College in the Art/ Digital Media Department as lecturer. Not affiliated with individual artists in Hawaii.

Profile

Culture is the framework within which we live our lives. Hawaii has many cultural influences but the base culture will always be Hawaiian at heart. The one cultural influence that they all share here in the islands is the Hawaiian one. Having been born and raised in Japan I know on a deep level the concepts of respect and kindness. Having lived in Hawaii for 28 years, I know the meaning of ohana and extended love. I possess a strong cultural adaptation and understanding. I have been teaching at Hawaii Community College for over 10 years and I have been receiving positive evaluations from my students praising my art knowledge, curriculum, and class materials as well as supporting systems such as an understanding and compassion toward individual student's lives. My Teaching experiences have allowed me to work with a wide variety of art and have gained valuable experiences in understanding art. It reflects and resonates with my own art creativity.

2. Which committee(s) would you like to assist?

☒ Art Advisory Committees

Art Advisory Committees work with communities to commission works that are site-specific and permanently installed at state buildings. Consultants ensure that high artistic standards are met throughout the commissioning process. Committees meet for two hours about seven times during a project. Projects can take two to five years.

☒ Acquisition Award Selection Committees

Acquisition Award Selection Committees recommend relocatable works for the Art in Public Places Collection. Consultants ensure that only works reflecting artistic excellence are recommended for the collection. Committee meetings take two hours.

3. On a separate sheet, please address the following:

- a. Attach a copy of your curriculum vitae.
- b. List the media which you have expertise and knowledge to critique and evaluate.
- c. Briefly describe your approach in critiquing a work of art.
- d. Briefly explain your experience in the visual arts in Hawaii as well as nationally and internationally.
- e. List the visual arts organizations or artists in Hawaii with which you are currently affiliated. Include your relationship to these organizations and artists.

b. List the media which you have expertise and knowledge to critique and evaluate. I have a broad background in the visual arts. I obtained a BA in Studio Art from UH Manoa with an emphasis in sculpture. I took drawing, painting, printmaking, bronze, metal fabrication, glass, etc. and nearly completed the required credits for a double major in Art History (but decided to graduate when the core requirements changed). I was a Preparator for the APP Program and first Collections Manager, handling and documenting the relocatable art collection of all media, styles and techniques. I also participated as a staff member in a few art acquisition selection committees and master artist studio visits.

c. I apply my experience as student of the visual arts and collections professional to examine composition, color, and quality of line and modeling. I also apply my knowledge of work by Hawaii artists to compare the quality and significance, different artistic directions and to fill gaps when building a representation of an important artist's career.

d. Briefly explain your experience in the visual arts in Hawaii as well as nationally and internationally. I began working for Tom Klobe at the University of Hawaii Art Gallery when I was an undergraduate. I worked for the APP program for 14 years, joining local art organizations such as the Honolulu Museum of Art, The Contemporary Museum, and Honolulu Printmakers. I attended many art exhibitions at local galleries and museums. I have been a member of the American Alliance for Museums for over 20 years and visit museums whenever I travel. I transitioned to my position as Art Archivist Librarian in 2017 and am active in the Art Librarians Society of North America, Visual Resources Association, and Museum Archives Section of the Society of American Archivists.

e. List the visual arts organizations or artists in Hawaii with which you are currently affiliated. Include your relationship to these organizations and artists. I am the curator of the Jean Charlot Collection and serve as an ex-officio member of the Jean Charlot Foundation. I also manage several other artist archives including those of Francis Haar, Juliette May Fraser, John Wisnosky, Tseng Yuho, and Isami Doi, to name a few. I am a member of the Honolulu Museum of Art, since 1990. I am also a member of Honolulu Printmakers and served on their board in the past.

To the Board:

Re: Project 16-6-17-0628
Waimea Canyon Middle School
Kauai, HI

Due to delays caused by the COVID pandemic and resulting inflation, the cost of materials for this project has increased substantially. Therefore I request a budget increase to offset the rise in costs since the end of 2019.

Please see the attached spreadsheet that documents price increases for the materials to be used in my project from the end of 2019 to November 2022. The total increases come to \$3,897.00.

Thank you for your kind consideration of this request.

Yours truly,
